- To address burials of loved ones who die from COVID-19, guidelines have been issued to advise on the [management of dead bodies](#).
- For health centres managing cases, the following documents have been released- a guideline for the [Rational Use of Personal Protective Equipment in the care of COVID-19 cases](#).
- As part of plans to increase the testing capacity of the country, the NCDC published a [National Strategy to Scale Up Access to Coronavirus Disease Testing in Nigeria](#) document.
- The Presidential Task Force has published policies and announcements on COVID-19 [available on the website of the Presidency](#) – including presidential addresses, task force updates and information on livelihood and economic support.

RESPONSE

On 28th February 2020, a multi-sectoral Emergency Operations Centre (EOC) was activated at Level 3 – the highest emergency level in Nigeria –led by NCDC in close coordination with the State Public Health EOCs (PHEOC).

- **Ongoing country wide deployments of community volunteers (CVs) to intensify contact tracing and active case finding supported by various partners**
- **Engaged with 19 State Infection Prevention and Control (IPC) focal persons regarding the upcoming partner supported training for 916 Healthcare Workers from Primary and Secondary Healthcare facilities in various States**
- Ongoing support for licensing/accreditation of additional private laboratories by Medical Laboratory Science Council of Nigeria (MLSCN) in preparation for the opening of the international airport in Abuja and Lagos
- Trained 10 IPC focal persons from Health facilities in Minna, Niger State

- Supported Federal Ministry of environment and education partners in the development of school readiness templates in preparation for sustained school resumption with costed models
- All education materials can be found via www.covid19.ncdc.gov.ng
