- To address burials of loved ones who die from COVID-19, guidelines have been issued to advise on the [management of dead bodies](#).
- For health centres managing cases, the following documents have been released- a guideline for the [Rational Use of Personal Protective Equipment in the care of COVID-19 cases](#).
- As part of plans to increase the testing capacity of the country, the NCDC published a [National Strategy to Scale Up Access to Coronavirus Disease Testing in Nigeria](#) document.
- The Presidential Task Force has published policies and announcements on COVID-19 [available on the website of the Presidency](#) – including presidential addresses, task force updates and information on livelihood and economic support.

RESPONSE

On 28th February 2020, a multi-sectoral Emergency Operations Centre (EOC) was activated at Level 3 – the highest emergency level in Nigeria –led by NCDC in close coordination with the State Public Health EOCs (PHEOC).

- **Conducted a meeting with all State Epidemiologist to improve surveillance activities**
- **Trained 25 military medical laboratory personnel on Infection Prevention and Control (IPC)**
- **Ongoing distribution of IPC materials and consumables to laboratories in the network**
- **Developed indicators for tracking activities for safe school re-opening**
- Concluded assessment of waste management across selected facilities in the country
- Deployed a month's stock of COVID-19 medical supplies to SMoH for surveillance activities and case management to secondary and tertiary health facilities as well as PHCs in four (4) geographic zones- North West, South West, North East and South South
- Developed strategies for strengthening school programme for stakeholders support

- All education materials can be found via www.covid19.ncdc.gov.ng
