- To address burials of loved ones who die from COVID-19, guidelines have been issued to advise on the [management of dead bodies](#).
- For health centres managing cases, the following documents have been released- a guideline for the [Rational Use of Personal Protective Equipment in the care of COVID-19 cases](#).
- As part of plans to increase the testing capacity of the country, the NCDC published a [National Strategy to Scale Up Access to Coronavirus Disease Testing in Nigeria](#) document.
- The Presidential Task Force has published policies and announcements on COVID-19 [available on the website of the Presidency](#) – including presidential addresses, task force updates and information on livelihood and economic support.

RESPONSE

On 28th February 2020, a multi-sectoral Emergency Operations Centre (EOC) was activated at Level 3 – the highest emergency level in Nigeria –led by NCDC in close coordination with the State Public Health EOCs (PHEOC).

- **Concluded the Infection Prevention and Control (IPC) focal point improvement plan template review meeting with state focal persons and relevant stakeholders**
- **Finalised plans to commence engagement with religious leaders to enhance community mobilisation in states in collaboration with partners**
- Added two (2) additional laboratories (Cedar Crest and DNALabs) to the Nigeria International Travel Portal (NITP) to test international travellers in FCT
- Ongoing discussions with security services focal persons on the proposed training of staff of their health facilities
- Ongoing deployment of IPC materials and supplies to the Laboratories in the network
- Produced new jingles and shared with Federal Ministry of Environment to increase community mobilisation
- All education materials can be found via www.covid19.ncdc.gov.ng
