

## COVID-19 SITUATION REPORT WEEKLY EPIDEMIOLOGICAL REPORT 40

Epi Week 28: 12th - 18th July 2021

#### DATA AS REPORTED AND ACCURATE BY NCDC AS AT MIDNIGHT 18<sup>TH</sup> JULY 2021

Fig 1. Distribution of cases (Epi Week 28 only)

Fig 2. Distribution of cumulative cases

#### **HIGHLIGHTS**

- In Week 28, the number of new confirmed cases increased to **966** from **693** reported in week 27. These were reported in **14** states and FCT (Tables 1 & 2).
- In Week 28, the number of discharged cases increased to **258** from **57** in week 27. These were reported in **8** states and FCT (Tables 1 & 3).
- There were 3 deaths reported in the last one week (Tables 1 & 4).
- Cumulatively, since the outbreak began in Week **9**, 2020 there have been **169,518** cases and **2,127** deaths reported with a case fatality rate (CFR) of **1.3%** (Tables 1 & 4).
- In Week 28, the number of in-bound international travellers tested was **4,398** of which **107** were positive compared to **81** from week 27.
- In Week 28, the number of out-bound international travellers tested was **5,629** of which **126** were positive compared to **43** from week 27.
- Globally, the count for confirmed COVID-19 cases is **188,655,968** with **4,067,517 deaths** resulting in a case fatality rate of **2.2%**.

#### GENERAL FACT SHEET – DATA AS AT 18<sup>TH</sup> JULY 2021

# **DAILY EPICURVE** 2500 2000 Alive Number of Confirmed 500 0 Feb Dec Mar 2021 2020 Alive

Figure 3: Daily epidemic curve of confirmed cases as reported per day as of 18th July 2021

#### AGE-GENDER BREAKDOWN

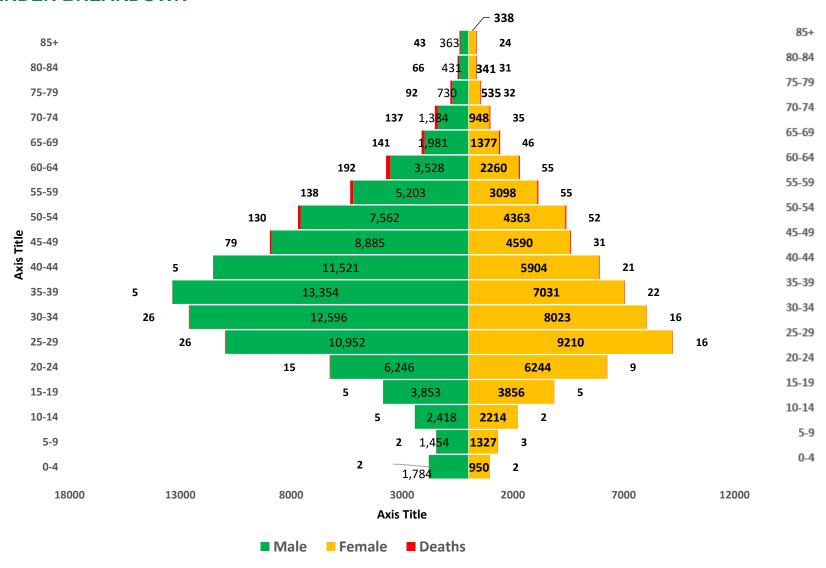

Figure 7: Chart with age and gender breakdown of cases and deaths (WK10, 2020 – WK28, 2021)

#### **IN FOCUS: Mitigating the Impact of the Third Wave**

In the last one week, there has been an increase in the number of daily confirmed COVID-19 cases across states in Nigeria. Given the increasing number of cases and the recent detection of cases with the Delta variant in Nigeria, the enforcement of public health and social measures is important. This requires collective responsibility by leaders and members of the public.

As part of measures to reduce the risk of spread of the virus, the Presidential Steering Committee on COVID-19 (PSC) has placed six states (Lagos, Oyo, Rivers, Kaduna, Kano and Plateau) and the Federal Capital Territory on red alert to closely monitor incidence trends in these locations.

Given this risk, we urge business owners, leaders in schools, workplaces, religious centres, markets and other public settings to ensure enforcement of the following measures:

- 1. Ensure that everyone within the location wears a mask properly to cover their nose and mouth when outdoors or in public settings. This should be always kept on and not merely used for entry and exit.
- 2. Provide soap and running water for everyone entering the location to wash their hands and ensure this is done. Where running water cannot be immediately provided, ensure an alcohol-based hand sanitiser is available.
- 3. Avoid meetings with large crowds within your locations, especially in indoor spaces with poor ventilation. It is safer to meet outside with enough space between people.
- 4. Ensure that people sit or stand at least two metres away from others, even if they do not appear to be sick. They should avoid physical contact such as hugs, handshakes, e.t.c.
- 5. Ensure that people who are sick or known to have been in contact with someone who has recently tested positive for COVID-19 (within 14 days) stay at home or in isolation from others.

The approved Antigen-based Rapid Diagnostic Test kits can be used to rapidly detect cases in settings such as workplaces and camps. We encourage leaders to take advantage of this so that COVID-19 cases are detected early and controlled before spread.

There is a window of opportunity to prevent a surge in COVID-19 cases. We appeal to all Nigerians to take responsibility to protect yourself, your loved ones and our country.

#### **RESPONSE**

On 28<sup>th</sup> February 2020, a multi-sectoral Emergency Operations Centre (EOC) was activated at Level 3 which is the highest emergency level in Nigeria. This is led by NCDC in close coordination with the State Public Health EOCs (PHEOC) and through the deployment of **55** Rapid Response Teams (RRT) to states. Currently, response activities include:

- Held bi-weekly engagement meeting with state teams on strategies being adopted in preparedness for a surge in cases
- Concluded review of interim guideline for Clinical Management of COVID-19
- Ongoing support for testing of passengers at the ground crossing borders in Seme border, Lagos State and Idiroko border, Ogun State using Antigen-based Rapid Diagnostic Test Kits (Ag-RDT)
- Ongoing review of IPC guidelines on suspected and confirmed cases of COVID-19
- Ongoing refresher workshop for IPC focal persons in health facilities
- Ongoing online classes for IPC Intermediate diploma course for IPC professionals
- Training of Trainers on the appropriate and safe use of approved Ag-based RDTs for COVID-19 diagnosis for North-West geopolitical zone
- Conducted training for staff of port health services in Seme, Lagos State and Idiroko, Ogun State and deployed Ag-RDT for COVID-19 testing at both land borders
- Optimisation of Federal Medical Centre, Jalingo Molecular Laboratory as a public laboratory testing for COVID-19
- Ongoing sequencing of positive samples among travellers to Nigeria, at the National Reference Laboratory (NRL), Gaduwa
- Concluded the distribution of IPC supplies donated by Global Alliance for Vaccines and Immunization (GAVI) to support primary health care facilities across the country, in collaboration with NPHCDA
- Concluded the distribution of IPC commodities to Borno and Oyo States
- Supported Oyo State Ministry of Health (MoH) with rapid diagnostic test (RDT) kits for increase COVID-19 testing
- Ongoing quarterly commodity monitoring and stock verification exercise to reconcile data across states, check the available stock balance and utilisation records
- Supported the Federal Ministry of Foreign Affairs in the pre-event planning for the Global Conference for Safe School Declaration in FCT, Abuja
- Continued engagement with states to ensure regular reporting and response continuity
- Continued roll out of Ag-RDT in collaboration with partners
- Continued tracking and collation of data from states for strategic coordination
- Approval granted by the National Health Research Ethics Committee (NHREC) to conduct vaccine hesitancy survey among health care workers (HCWs)
- Continued collation of reports on COVID-19 clinical management study
- Ongoing COVID-19 vaccine effectiveness study in collaboration with National Primary Health Care Development Agency (NPHCDA) and World Health Organization (WHO)
- Ongoing study on knowledge and compliance of health care workers to infection prevention and control (IPC) measures in the control of COVID-19 infection
- Ongoing assessment of oxygen capacity of treatment/isolation centres using assessment checklist

- Continued follow up with states for daily reporting, contact tracing and key challenges
- Ongoing enhanced surveillance at points of entry
- Continued communication to state IPC focal persons on improved preparedness for possible surge in cases
- Continued sensitisation of schools, hospitals, patients and relations and religious bodies on hand hygiene
- Conducted Ag-RDT testing for athletes for the Japan Olympics in Lagos State, Bayelsa State and Federal Capital Territory (FCT) camps
- Conducted Training of Trainers (ToT) on the appropriate and safe use of approved Ag-RDTs for COVID-19 diagnosis for states in South-South zone
- Ongoing prepositioning of PPE and commodities at the sub-national level for labs, treatment centres, sample collection centres and other relevant facilities as preparedness for surge in cases
- Conducted National Risk Communication Technical Working Group (TWG) meeting in Lagos State
- Conducted workshop on integration of COVID-19 messaging with Human Immunodeficiency Virus, Tuberculosis and Malaria (HTM) infection with support from Global Fund
- Ongoing media appearances on radio and television

#### **PREPAREDNESS**

Since the confirmation of the first case on 27<sup>th</sup> February 2020, the NCDC has released advisories and statements to help Nigerians and affected groups to respond to the pandemic:

- NCDC issued a press release on the detection of the <u>first confirmed case of delta variant</u> of SARS-CoV-2 in Nigeria
- Presidential Steering Committee on COVID-19 reviewed and published <u>Travel advisory</u> for passengers arriving Nigeria from Brazil, India and Turkey to include South Africa
- Presidential Steering Committee on COVID-19 published <u>Travel advisory for passengers arriving Nigeria from Brazil, India and Turkey</u>
- Presidential Steering Committee on COVID-19 published <u>Implementation guidelines for phased restriction of movement</u>
- NCDC published <u>One year of COVID-19 response in Nigeria</u>
- NCDC and NIMR publish <u>findings of COVID-19 household seroprevalence surveys in four states of Nigeria</u>
- NCDC published a <u>Statement on variants of SARS-CoV-2 in Nigeria</u>
- The Federal Ministry of Education (FME) and partners, PTF and NCDC have developed: Guidance for integrated safe school re-opening 26<sup>th</sup> January 2021
- COVID-19 Health Protection Regulation signed by President Muhammadu Buhari on 26<sup>th</sup> January 2021: <u>Coronavirus Disease (COVID-19) Health Protection Regulations</u> 2021
- NCDC published an updated <u>community case definitions for coronavirus disease 2019</u>
- The Federal Ministry of Health and NCDC published <u>COVID-19 Patient's handbook for home-based care in Nigeria</u>
- NCDC published an updated case definitions for coronavirus disease
- NCDC published <u>Guidance for the use of approved COVID-19 antigen-based rapid diagnostic tests in Nigeria</u>
- Update of travel protocols for all travellers into Nigeria from UK and South Africa

- NCDC recently launched the <u>Celebrate Responsibly</u> campaign in response to the increase in cases of coronavirus disease (COVID-19) and poor adherence to public health and social measures across the country: <u>Celebrate Responsibly and Save Lives</u> <u>New Awareness Campaign for the Yuletide Season</u>
- Ahead of the Christmas and end of year festivity, NCDC published the <u>End-of-Year</u> <u>Travel Advisory on COVID-19</u>
- NCDC recently launched the <u>COVID-19 blog</u> for telling the stories of Nigeria's response to the COVID-19 pandemic.
