

# COVID-19 SITUATION REPORT

## WEEKLY EPIDEMIOLOGICAL REPORT 47

Epi Week 35: 30<sup>th</sup> August – 5<sup>th</sup> September 2021

DATA AS REPORTED AND ACCURATE BY NCDC AS AT MIDNIGHT 5<sup>TH</sup> September 2021

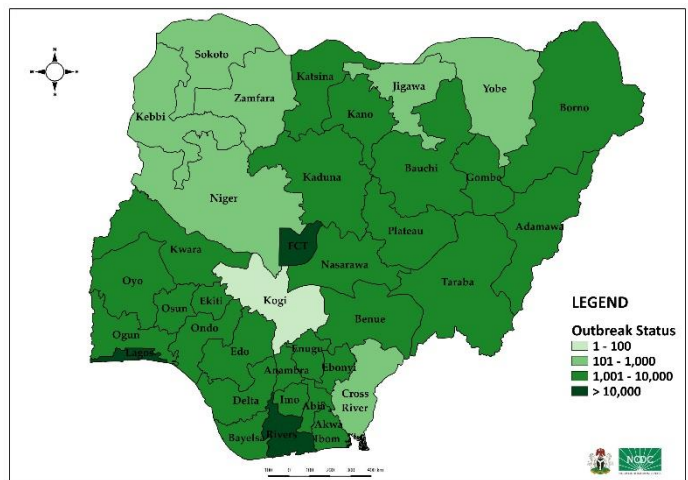

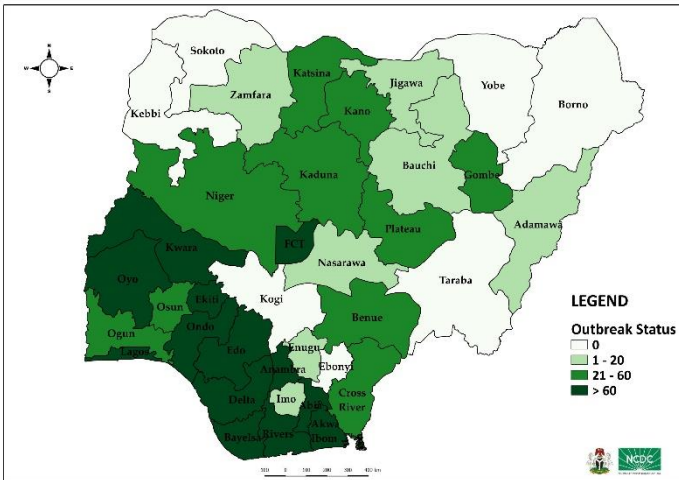

Fig 1. Distribution of cases (Epi Week 35 only)

Fig 2. Distribution of cumulative cases

### HIGHLIGHTS

- In Week 35, the number of new confirmed cases decreased to **4,166** from **4,322** reported in week 34. These were reported in **28** states and FCT (Tables 1 & 2). (This includes backlog reported from Delta and Lagos States)
- In Week 35, the number of discharged cases decreased to **6,246** from **9,823** in week 34. These were reported in **21** states and FCT (Tables 1 & 3) (This includes cases managed via home-based care)
- There were **98** deaths reported in the last one week (Tables 1 & 4). (This includes backlog reported from Lagos)
- Cumulatively, since the outbreak began in Week 9, 2020 there have been **195,511** cases and **2,552** deaths reported with a case fatality rate (CFR) of **1.3%** (Tables 1 & 4).
- In Week 35, the number of in-bound international travellers tested were **5,129** of which **149** were positive compared to **161** (out of **4,539** tested) from week 34.
- In Week 35, the number of out-bound international travellers tested were **7,738** of which **305** were positive compared to **305** (out of **7,964** tested) from week 34.
- Globally, the count for confirmed COVID-19 cases is **220,383,954** with **4,561,446** deaths resulting in a case fatality rate of **2.1%**.

## GENERAL FACT SHEET – DATA AS AT 5<sup>TH</sup> SEPTEMBER 2021

Table 1: States with reported laboratory-confirmed COVID-19 cases, recoveries, deaths, samples tested and active cases.

## IN FOCUS: Safe Reopening of Schools

Following the long holiday, schools across the country have begun to resume for a new academic session. Although this comes amidst the third wave of COVID-19 in Nigeria, school authorities can make the school environment safer by adhering to preventive measures instituted by the Federal Government of Nigeria.

In Nigeria, confirmed cases of Delta variant, a more transmissible variant of COVID-19, are being reported across the country. Therefore, schools have a critical role to play in the context of a more transmissible strain of the virus, to protect students, staff and their families. A fundamental aspect of this is creating awareness amongst students, parents, and staff on taking responsibility by observing preventive measures and adhering to strict non-pharmaceutical interventions to stay safe and remain protected. The following should be implemented in academic settings:

1. Daily temperature checks at points of entry. Those with a temperature above 38<sup>0</sup> should not be allowed entry
2. Provision of handwashing facilities and hand sanitiser
3. Masks must be worn by all those over the age of six years in school premises
4. Ensure proper ventilation and physical distance of two metres between students in classrooms
5. Avoid sharing of items such as pen, rural, sharpener, etc
6. Surfaces including desks, door handles etc. should be disinfected at the end of the school day
7. Students and staff who feel ill should remain at home and seek treatment at a health facility immediately
8. Students and staff who have to remain in self-isolation following exposure or confirmed case should be supported by the school authority
9. Schools with boarding facilities can utilise approved Antigen-based Rapid Diagnostic Test (RDT) kits for regular testing. See [guidelines](#) for use
10. Provide reminders in strategic positions for the school community to adhere to physical distancing, proper use of face masks, regular handwashing, and other measures

The Nigeria Centre for Disease Control (NCDC) has published various school-related guidelines such as [Public Health Guidance for Safe School Re-opening in Nigeria](#) and other [information, education and communication materials](#) on safe school reopening. These will guide the efforts of school administrators in ensuring that students, staff, and families are safe within the school premises.

Furthermore, we urge school authorities to encourage members of staff to get vaccinated as it offers significant protection and reduces the risk of severe illness from COVID-19 infection. We also call on states to encourage compliance to COVID-19 preventive measures in schools and other public settings. NCDC continues to work with the Ministry of Education and other relevant stakeholders to ensure that schools at all levels are provided with the necessary guidance to ensure safe operations, and remain a safe space for learning.

## RESPONSE

On 28<sup>th</sup> February 2020, a multi-sectoral Emergency Operations Centre (EOC) was activated at Level 3 which is the highest emergency level in Nigeria. This is led by NCDC in close coordination with the State Public Health EOCs (PHEOC) and through the deployment of **59** Rapid Response Teams (RRT) to states. Currently, response activities include:

- **Developed/mapped out strategic pillar activities to sustain the response**
- **Held bi-weekly engagement meeting with state teams on the ongoing response to the third wave**
- **Concluded update and development of training manual for Home Based Isolation and Care (HBIC) for the management of COVID-19**
- **Concluded the development and approval of version five of the national guideline for clinical management of COVID-19**
- **Ongoing meetings with Health Commissioners of Akwa Ibom, Bayelsa, Cross River, and Rivers states in the Niger Delta region to commence RDT testing at the waterfronts**
- **Reviewed surveillance data tools for effective data collection**
- **Developed IPC facility implementation plan for Enugu State health facilities**
- **Ongoing assessment of 30 health facilities in the Federal Capital Territory (FCT) and Nasarawa State for IPC implementation in collaboration with Institute of Human Virology Nigeria (IHVN).**
- **Ongoing supportive supervision and assessment of the National Youth Service Corps (NYSC) orientation camp activities to ensure adherence to COVID-19 protocols**
- **Conducted training in quarantine centres and for staff of private hospitals in Lagos State on IPC and standard precautions against COVID-19**
- **Inspected IPC activities in secondary health facilities in Lagos State**
- **Conducted Ag-RDT screening for members of staff of the Federal Ministry of Women Affairs and Federal Ministry of Mines and Steel Development**
- **Supported Federal Medical Centre (FMC) Benue Laboratory, FMC Keffi Laboratory, Molecular Diagnostic Laboratory (MDL) Ilorin, FMC Owo Laboratory, University of Ilorin Teaching Hospital Ilorin Laboratory, Nnamdi Azikiwe University Teaching Hospital Anambra Laboratory, FMC Owerri Laboratory, MDL Bauchi, University of Maiduguri Teaching Hospital Borno Laboratory, Bauchi Reference Molecular Laboratory (BRML), University of Benin Teaching Hospital Laboratory, Delta Mobile Laboratory, Dr. Lawrence Henshaw Memorial Hospital Calabar Laboratory, Bayelsa state Laboratory, University of Calabar Teaching Hospital Laboratory, NRL Research unit, Yobe State Specialist Hospital Damaturu Laboratory, Zamfara State Laboratory, Katsina State Laboratory, Federal Medical Centre (FMC) Katsina Lab, Central Public Health Laboratory Lagos, Lagos University Teaching Hospital (LUTH) Lagos, Kubwa General Hospital Abuja, Bayero University Teaching Hospital Kano Laboratory, and Jigawa State Laboratory, University College Hospital Oyo, Rivers State University Teaching Hospital, Usman Danfodio University Sokoto, FMC Kebbi and FMC Niger with laboratory consumables and personal protective equipment (PPE)**
- **Supported Abia, Akwa Ibom, Cross River and Kano State Ministry of Health (SMoH), National Hospital, Abuja as well as the 36 NYSC Camp sites and Federal Capital Territory (FCT) with rapid diagnostic test (RDT) kits for increase COVID-19 testing**
- **Concluded distribution of COVID-19 commodities to Ondo and Yobe States and the Federal Capital Territory (FCT) treatment centers**
- **Conducted infodemic management capacity need assessment for national risk communication stakeholders**
- **Conducted training of states health educators on social listening and community polling**
- **Held meeting to review COVID-19 guideline for the upcoming safe school reopening conference**
- **Developed tools to monitor risk communication activities by Caritas foundation**

- **Ongoing promotion of COVID-19 messages on testing, signs and symptoms, location of testing facilities, price of testing, and location of vaccination sites**
- Continued engagement with states to ensure regular reporting and response continuity
- Continued roll out of Ag-RDT in collaboration with partners
- Continued tracking and collation of data from states for strategic coordination
- Continued collation of reports on COVID-19 clinical management study
- Ongoing COVID-19 vaccine effectiveness study in collaboration with National Primary Health Care Development Agency (NPHCDA) and WHO
- Ongoing study on knowledge and compliance of health care workers to infection prevention and control (IPC) measures in the control of COVID-19 infection
- Rolled out SORMAS Case Management module in the Federal Capital Territory (FCT)
- Concluded intensivists training in South-South and South-East geopolitical zones
- Ongoing research on drivers of mortality prognostic factors and other health sector challenges associated with COVID-19 deaths in treatment centres in Abia, Delta, Edo, FCT, Kaduna, Kano, Lagos, Niger, Ogun, Oyo, Plateau, Rivers, & Yobe States
- Held meeting with relevant stakeholders from South-South region on the Delta variant and the response measures taken so far. This was convened by the Port Health Services (PHS) special task team on COVID-19 for Niger Delta and maritime borders.
- Supported testing of passengers at the ground crossing borders in Seme border, Lagos State and Idiroko border, Ogun State using Antigen-based Rapid Diagnostic Test Kits (Ag-RDT)
- Continued follow up with states for daily reporting, contact tracing and key challenges
- Ongoing enhanced surveillance at points of entry
- Ongoing review of IPC guidelines on management of suspected and confirmed cases of COVID-19
- Ongoing refresher workshop for IPC focal persons in health facilities
- Ongoing online classes for IPC Intermediate diploma course for IPC professionals
- Continued sensitisation of schools, hospitals, patients and relations and religious bodies on hand hygiene
- Concluded intra-state cascade training on the appropriate and safe use of approved Ag-RDT in Bayelsa, Benue and Osun States
- Ongoing sequencing of positive samples among travellers to Nigeria and positive cases detected in-country, at the National Reference Laboratory (NRL), Gaduwa
- Ongoing quarterly commodity monitoring and stock verification exercise to reconcile data across states, check the available stock balance and utilisation records
- Ongoing repositioning of PPE and commodities at the sub-national level for labs, treatment centres, sample collection centres and other relevant facilities as preparedness for surge in cases
- Ongoing media appearances on radio and television

## PREPAREDNESS

Since the confirmation of the first case on 27<sup>th</sup> February 2020, the NCDC has released advisories and statements to help Nigerians and affected groups to respond to the pandemic:

- NCDC issued a press release on the *detection of the [first confirmed case of delta variant of SARS-CoV-2 in Nigeria](#)*
- Presidential Steering Committee on COVID-19 reviewed and published [Travel advisory for passengers arriving Nigeria from Brazil, India and Turkey to include South Africa](#)

- Presidential Steering Committee on COVID-19 published [Travel advisory for passengers arriving Nigeria from Brazil, India and Turkey](#)
- Presidential Steering Committee on COVID-19 published [Implementation guidelines for phased restriction of movement](#)
- NCDC published [One year of COVID-19 response in Nigeria](#)
- NCDC and NIMR publish [findings of COVID-19 household seroprevalence surveys in four states of Nigeria](#)
- NCDC published a [Statement on variants of SARS-CoV-2 in Nigeria](#)
- The Federal Ministry of Education (FME) and partners, PTF and NCDC have developed: [Guidance for integrated safe school re-opening 26<sup>th</sup> January 2021](#)
- COVID-19 Health Protection Regulation signed by President Muhammadu Buhari on 26<sup>th</sup> January 2021: [Coronavirus Disease \(COVID-19\) Health Protection Regulations 2021](#)
- NCDC published an updated [community case definitions for coronavirus disease 2019](#)
- The Federal Ministry of Health and NCDC published [COVID-19 Patient's handbook for home-based care in Nigeria](#)
- NCDC published an updated [case definitions for coronavirus disease](#)
- NCDC published [Guidance for the use of approved COVID-19 antigen-based rapid diagnostic tests in Nigeria](#)
- Update of [travel protocols](#) for all travellers into Nigeria from [UK and South Africa](#)
- NCDC recently launched the [Celebrate Responsibly](#) campaign in response to the increase in cases of coronavirus disease (COVID-19) and poor adherence to public health and social measures across the country: [Celebrate Responsibly and Save Lives – New Awareness Campaign for the Yuletide Season](#)
- Ahead of the Christmas and end of year festivity, NCDC published the [End-of-Year Travel Advisory on COVID-19](#)
- NCDC recently launched the [COVID-19 blog](#) for telling the stories of Nigeria's response to the COVID-19 pandemic.
- NCDC published guidelines on 2020 National Youth Service Corps (NYSC) Orientation Camp activities in conjunction with PTF and NYSC: [Guidelines on 2020 National Youth Service Corps \(NYSC\) Orientation Camp activities](#)
- NCDC published guidance on the use of antigen RDTS: [Guidance on the use of Antigen Rapid Diagnostic Kits for diagnosis of SARS-CoV-2 infection in Nigeria](#)
- NCDC published guidance on safe school re-opening: [Public Health guidance for Safe School re-opening in Nigeria](#)
- NCDC published second interim guidance – Infection Prevention and Control: [Recommendations during health care provision for suspected and confirmed cases of COVID-19](#)
- NCDC recently published the first edition of a quick reference guide on setting up sample collection centre - [A step by step guide on setting up a sample collection centre](#)
- NCDC has launched an online course on [Infection, Prevention and Control \(IPC\) for COVID-19](#) NCDC eLearning platform
- Ahead of forthcoming elections in the country, NCDC has issued [Guidelines for Conducting Elections During the COVID-19 Outbreak in Nigeria](#).
- To protect our elders, and those with pre-existing medical conditions, NCDC has issued an [Advisory for Vulnerable Groups](#).
- NCDC has released [guidelines on the re-opening of places for worship](#).
- NCDC has released [Strategies to Improve Surveillance for COVID-19 Guidance for States](#)
- The Nigeria Police Force has released COVID-19 operational guidelines for the [Police and other Law Enforcement Agencies in Nigeria](#)
- Guidelines have been issued for the [safe transportation of remains of persons suspected or confirmed to have died of COVID-19](#)
- Information on diagnostics of the COVID-19 virus can be found in our [detailed FAQ document](#).
- To increase our testing capacity, NCDC has issued guidelines for the [integration of private labs](#).

- Guidelines for [businesses and employers](#) have been updated.
- NCDC has updated its [case definition](#) , [community case definition](#) and [case management guide](#).
- NCDC releases periodic [public health advisories](#) to Nigerians on the COVID-19 disease.
- To adhere to post-lockdown measures, NCDC has released an [advisory on the use of face masks](#), as well as information on the [Use of Cloth face masks](#) and [how to make your cloth face masks](#).
- NCDC has released guidelines for the [management of pregnant women and nursing mothers](#) during the pandemic.
- To address burials of loved ones who die from COVID-19, guidelines have been issued to advise on the [management of dead bodies](#).
- For health centres managing cases, the following documents have been released- a guideline for the [Rational Use of Personal Protective Equipment in the care of COVID-19 cases](#).
- As part of plans to increase the testing capacity of the country, the NCDC published a [National Strategy to Scale Up Access to Coronavirus Disease Testing in Nigeria](#) document.
- The Presidential Task Force has published policies and announcements on COVID-19 [available on the website of the Presidency](#) – including presidential addresses, task force updates and information on livelihood and economic support.
