HIGHLIGHTS

This is the seventh national situation report, following the confirmation of the first case of coronavirus disease (COVID-19) in Nigeria on 27th February 2020.

- As at 6th March, there is no new confirmed case in Nigeria
- A total of 21 suspected cases (3 new) were identified in 5 States (Edo, Lagos, Ogun, FCT and Kano) out of which 1 was confirmed positive (index case) with no death.
- A total of 207 contacts were identified including contacts identified in the hotel, workplace and healthcare workers (Table 2). Of the 159 passengers and crew on the manifest of the index case flight, 11 airline crew members were notified to IHR Turkey, 55 are under follow up by Lagos, 53 travelled to other states, 2 returned to Ukraine and search ongoing for 38 passengers. No new contacts have been reported in Lagos and Ogun States
- The confirmed case is clinically stable at the designated treatment facility for COVID-19 at the Infectious Disease Hospital (IDH), Yaba, Lagos. A psychological assessment was done and the patient is in good mental health.
- A multi-sectoral national emergency operations centre (EOC), activated at level 3, continues to coordinate the national response activities
- The first SARS-CoV-2 gene from the index patient was published online through a joint collaboration between Lagos State Ministry of Health, NCDC, ACEGID, LUTH and NIMR
- Global situation: As at 5th March, 2020, a total of 95,333 confirmed cases reported (88.4% cases in China); 3,282 deaths. Number of countries/territories/area affected within the last 24 hours increased by 5 (Bosnia and Herzegovina, Gibraltar, Hungary, Slovenia, and occupied Palestinian territory) making total of 88 countries.
- Nine of 54 countries in Africa with reported cases; Algeria, Egypt, Tunisia, Morocco, Senegal, Nigeria, South Africa, Cameroon and Togo.
- The WHO global risk assessment remains at ‘Very High’

EPIDEMIOLOGICAL DESCRIPTION

- On 27th February, a 44-year old Italian citizen was diagnosed of COVID-19 in Lagos State. The case is the first to be reported in Nigeria since the first confirmed case was reported from China in January 2020. The case arrived the Murtala Muhammed International Airport, Lagos at 10pm

COVID-19 Situation Report
