TITLE:	NATIONAL MONTHLY UPDATE FOR CHOLERA IN NIGERIA
SERIAL NUMBER:	01
MONTH	June, 2019 (epi week 23 -26)
DATE:	30th June, 2019

HIGHLIGHTS

- Active transmission of Cholera is ongoing in three states (Kano, Bayelsa and Adamawa) since week one, 2019. Cases in Bayelsa state have been on a decline in the last three weeks.
- This is the period of the year with an increased risk of cholera across the country.
- The Adamawa State Ministry of Health (SMOH) declared an outbreak of cholera on 18th June, 2019 in three LGAs of the state. Since the declaration of an outbreak, a total of 145 suspected cases have been reported with one death; the state team is leading response activities
- A National Rapid Response Team (RRT) was deployed by NCDC to support Adamawa state
- The national multi-agency Cholera Technical Working Group (TWG) at NCDC is coordinating preparedness and response in all states

EPI-Summary

- In June, 119 new suspected cases were reported from Adamawa and Bayelsa states with no new death
- As at 30th June, 2019, a total of 744 suspected cases including 18 deaths (CFR = 2.42%) were reported from five states (Adamawa, Bayelsa, Ebonyi, Delta and Kano) since the beginning of 2019
- During the month, 51 samples were collected, 23 tested; 11 RDT positive and 12 confirmed through stool culture
- Of the confirmed cases, 39.7% are aged 1 - 4 years
- Among all suspected cases, 55.6% are female and 44.3% male

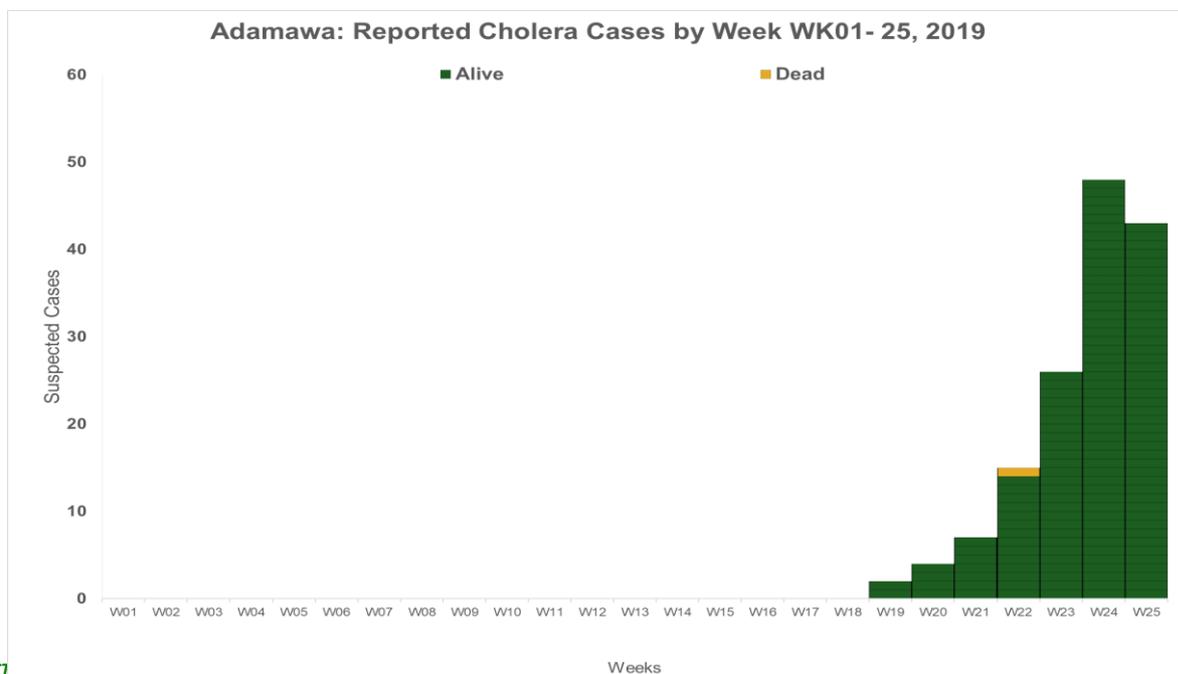

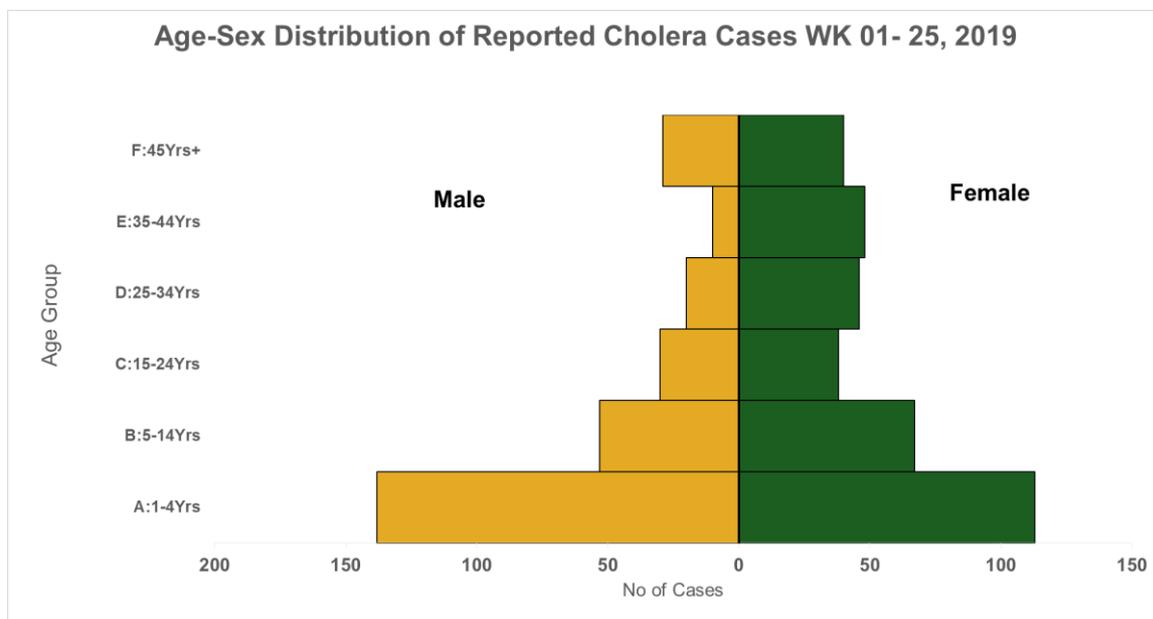

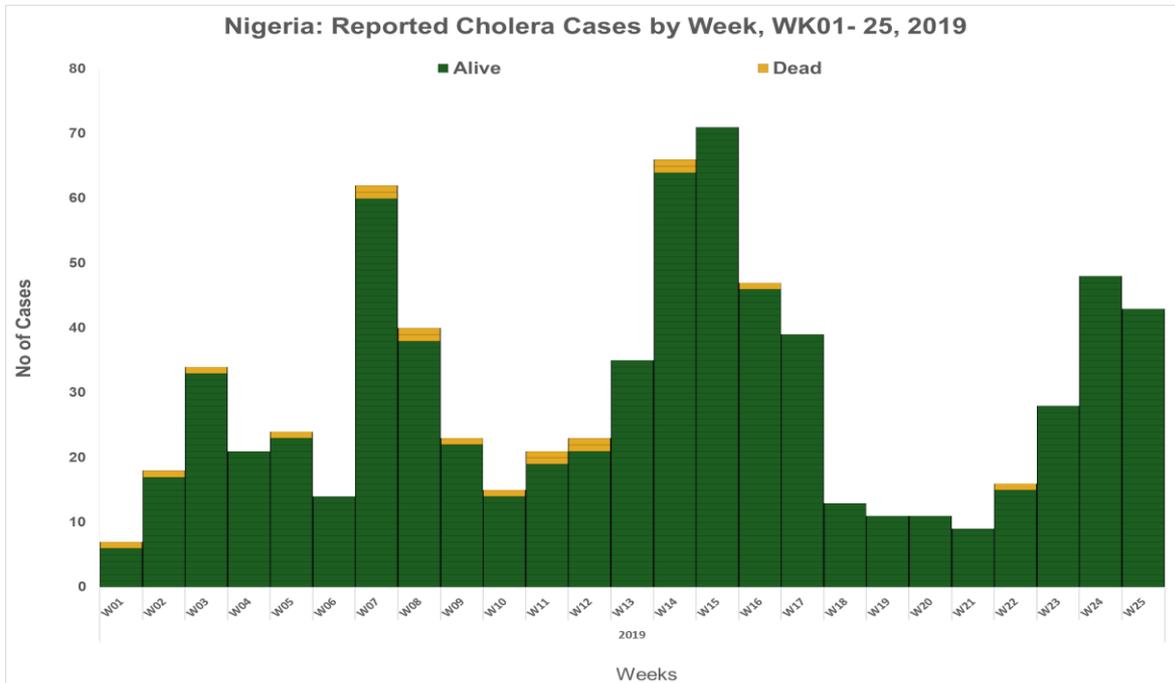

Table 1: Reported suspected Cholera cases by State as at 30th June, 2019

S/N	State	LGAs reporting in June (n)	LGAs that have reported in 2019 (n)	Cases in June	Total cases reported (n)	Deaths in June	Total Deaths (n)	CFR (%)	Total culture positive (n)	Total RDT positive (n)
1	Bayelsa	1	8	2	531	0	15	2.8	4	8
2	Adamawa	3	3	117	145	0	1	0.7	8	3
3	Kano	0	1	0	58	0	0	0.0	0	0
4	Ebonyi	0	9	0	9	0	2	22.2	0	0
5	Delta	0	1	0	1	0	0	0.0	0	0

...PROTECTING THE HEALTH OF NIGERIANS

Note: When an outbreak is not declared, updates will be disseminated monthly

Bayelsa: Reported Cholera Cases by Week WK01- 25 2019
